Harmony between regards as in the sense of whest in ericlation and inter tepenience, had resulted in he long course of ages. But civilized man vio-In ed this primitive farmony. His agriculing which is essentially the encouragement and of taken in large trusts of one species of plant to the exclusion of others gives exceptional fucilities. ties for the multiplication of such insects as naturally feed on such plants, ' This exactly expresses what has taken place here. And so the very remarkable facility with which fru a may be grown here, as well as their abundance and excellence, instead of affording reason for benefithat the enemies and pests of fruit grow if g would not trouble us, in reality shall I we been tolen as a prophecy to the contrary, as well as a suggestion that in all probability these enemies and pests will prove worse here than in places where fruits do not grow in such

abundance and perfection

It is estimated by those who have made this subject a special study, that the losses occurred. subject a special study, that the losses occusioned by insects injurious to agricultura in it e nited States reach to the enormous sum of \$300,000 000 to \$4.0 00,000 every year France the lesses argregate even more such figures show the necessity of doing everything possible to protect out or pa from the ravages of their specific protect out or pa from the ravages of their specific protect out or pa from the ravages of their specific protect out or pa from the ravages of their specific protect out or pa from the ravages of their specific protect out of the ravages of fruit trees, now so ropids opposining most to attacked with concerted vigor vill pursued with an intelligent and increasing purpose. Each ractety of fruit but to special enemies.

though it frequency happens that species of the the worst enem is four frist and frist these have been being s, the theory and pear slug the causer worm and the apple worm. The fri enough to warrant and require every posmble

effort to check the rayages of this destr N) fruit has an enemy more entirely destruc-tive than the apple has in this insect, known in its winged state is the codin moth, and in caterpillar state as the apple worm. That its habits may be known more generally to readers who hitherto have not been pestored with it, and that means may be taken to destroy it, we reproduce an article from the American Agricularies for the present month, to which attention as a enally directed

## \* LOSDLE FOLLFICIANS

William Henry barram of Connecticut, who obtained considerable netoristy in the presidential campaign of 15%, as a democratic "ingle in Indiana, and in 1880 was the disseminator of the celebrated "Morey letter," it is said will be a candidate for the United States senate this year. Mr. Barnum seems to bear up wonthis year. Mr Harmon seems to bear up won-derfully for a man who, six years ago, was pop-ularly believed to be staggering about trying in vain to catch his feet under what simple-minded van to catch his feet under what simple-minded republicins fermed. It is weight of moral odnum. In fact perennial, constitutional cheer fainess seems to be be leiding that if this old-time democratic divier, in the appropriate doesn't or if the figure for the inemory of what the spell or properly a termination when the irration has all let from a ref politice on the from the politice of the first was a weet of facilities with the from a section being grown to the first pass in who permits a section of the first pass in who permits a section of the first pass in who permits a section of the first pass in who permits a section of the first pass in who permits a section of the first pass in who permits a section of the first pass in who permits a section of the first pass of the first the re;

rymi ka u r thuan est ithin the ex-FOR A CONTROL OF STATE OF STAT where the problems is not compelled and the second was so sternly our read as to compell the local point cause to exputrate themselves in order to got a drink. "Blood, May as sail to have been a much mail, net was not as far as her cruelty of temper as the constitution." mall, ned with as far as her cruelty of temper siction at all ne is thought by some writers to have been as grossly abused by Georgias (right) was tyitly higher and it is possible it it bern mixed hely given in the lift Baraum would notly promise a step mule luying stop saiding steel rule in farmed why stop would not not one of the piet mount in towns of bettern (1 egon as a simple sheep farmed or plous driver, why we might even believe this has as much of an innocent victim in the Morey letter matter as the lamented trained himself. It was Barnum's brilliant versatifity that made the republicons suspect villany in his case.

the republicons suspect villamy in his case. He looks in his picture like a 'real, good, kind, neighborly man he is with it juestion a "good provider" for his party, but when rustic republicans hear that one and the same man is a "great manufacturer," that he has been a United States senator, that he has been a muce bayer," that he has dealt in "steel ruls when there was no longer any mouse in mules that he has been chairman of the democratic is Luited States senator, that he has been boyer," that he has dealt in "steel rul Lonal committee why when simple, hones' re-publican rank and file hear all the they say no man can have any time for religion with so many secular trons in the fire, and they begin to man can have any time for religion with so many secular trons in the fire, and they begin to believe that the versatile Barnum is too many-sided to be trusted,—they believe all they hear about him and do not entirely credit him when the says he is not a candidate for the United States some.

It is a great pity that Barnum at his time of about him and do not entirely credit him when he says he is not a candidate for the United

tre will no serie limm to some I her, resperiathe calling that would command the contrier of if not the admiration of his fellow countrymen. If he was only less varius and copious in his talent be might make the nation believe that, after all, he had nothing to do with the Morey letter. There was a certain degree of interest, if not of all rogulated a function, a lambility the force farces whice lest man in New York, and this is the normant most of currently. It was lorg the boast of orchardists of (1.9.2.5)

and Washington territory that they had nothing to fear from destructive insects. Neither tread or fruit was molested by any of the numerical pests that were so destruince elsewhere. Muly supposed that this immutity was due to the rice of the second of the sec lock 1 of the what look in 1 in the democration better that there is 1 know much better that the gravers disarting each Hence every good, how P(1)

I could be a strong one of the strong of the sketch 'My Hunt for the Captain,' but out of nearly 1 50 volunteer officers who rose in our war to the command of brigates or guished services (on Chamberlain of Maine, fron Francis A. Walker and Gen Charles Russell I owell of Massachusetts were the only man of literary pursuits or purely scholarly antece-

the many species that maintained them. # MES REESES LECTURE.

W ( T U HEADQUARTIES, PORTIAND, Sept 21. A regular Mount Hood view of the temperance refirm was given at the tabernacle last night, by Mrs M B Reces, of Obio crusade fame bbs by Mrs. M. B. Reese, of Ohio crusade fame. She beld the attention of the audience closely while sle related the principal incidents of this kind hing of the camp fires of the crusade, which have lighted the pathway of this movement and will grow brighter and brighter till the nilian of a dawn. The state and local W. C. T. C. principals and some of the principal clergy were with ler upon the platform. Mr. Haffen den acted as chorster, first Hilbrook as organ is and Mrs. I have a fine in recal taient was lent to the occasion. The whole was a suncess, and will be more so next time, when Mrs. Ree who upon the day mg d and everybely his time to attend.

# Report by Commissioner Sparks as to Dispo-posals of Same.

A Report by Commissioner Sparks as to Disposonals of Same.

WASHINGTON, Spit 21—Commissioner Sparks, of the general land office, has prepared a statement showing disposals of public lands for the fiscal year ending June 30, 1880, from which it appears that the total number of entries were 22,474, embraching an area of 20,411,65 acres. The amount of money received for this land was \$7,127,677, or private land the statement of the manufacture of the lasts seen covering an area of 9,145,135 acres. The hists seen covering an area of 9,145,135 acres. The lasts seen covering an area of 9,145,135 acres. The lasts seen covering an area of 9,145,135 acres. The lasts seen covering an area of 9,145,135 acres. The lasts seen covering an area of 1,145,255 acres, and the seed of the seen of 1,155,135 acres. The reading area disposed, consisted of military bounty land warrant locations, serip locations, sate selections, wagod roud selections, and agricultural college selections.

Final proof was made upon 19,359 homestead on the selection of the selections of 1,250,250 acres, and the selections are of 1,250,250 acres, and the selection of 1,250 acres, and covering an area of 1,250,250 acres, and the selection of 1,250 acres, and 1,250 acres, comprising an area of 1,250 acres, and covering an area of 1,250 acres, and 1,250 acres, comprising an area of 1,250 acres, and 251 described acres, and 1,250 acres, and 251 described acres, and 1,250 acres, a

WASHINGTON NEWS ITEMS.

CHRCILAR TO CUSTOMS OF ITCHES.

WASHENGIGEN, Sept. 21.—The trossury department has issued a circular to customs others in regard to the fin orisition of most copyrighted in the Linical States, which presentlines as follows: In the Christian of works copyrighted in the Linical States, which presentlines as follows: In the Christian owners of works copyrighted in the Linical States, which is resulted in the Christian of their rights of the Linical States of the first owners as may await themselves of the first owners as may await themselves of the control of their rights of the Christian of the C CURCULAR TO CUSTOMS OFFICERS.

WASHINGTON, Rept. 21.—Receipts from customs at New York during the ten days ended September 23. were \$8.85,000, of which 6 per cent. was in gold cold 3 per cent. In silver coin, 62. per cent. in gold certificates, as per cent. in silver core. Set. per cent. So have a certificates, and 24.5 per cent. The tent of the sones. This shows an increase in the use of gold certificates and a decrease in the use of Vitted States notes in payment of customs dues.

POOR HARTLEY CAMPRIELL.

New York, Sept. 21.—A .ord do ignative inspiteratio was issued by Judge Andrews of the supreme court to day, and Dr. Matthew Chainers appointed a commissioner, who, with the aid of a sheriff's jury, is to figure 'no the mental condition of Bartley Campbell, the obsymblent, in order to have a compilitee on his 10-room and estate appointed.

RESPECTS TO THE PRESIDENT RESPECTS TO THE FIRESION N. N., Special to the Press Knicker backer, Says: The presidential party stopped at Poque I house for supper. The presidential party stopped at Poque I house for Supper. The president had no conference with Gov. Hill. Gov. Hills private serverary called upon Secretary Lamont and presented the governor's respects to the nation's chief executive.

# Weak and Weary

THE MORNING OREGONIAN, WEDNESDAY, SEPTEMBER 22, 1886.

Describes the co-fiden of many people who are de-bilitated by the effect of the changing season, or by hard work. You may see weak and tired in the mora-ing, without apartite and without energy. If so, you need Hood's bursaparilla to build you up and strong: it you, body, parify and quicken the sluggish blood, and reatore the lost appetite. This medicine will do you good.

Hood's Sarsaparilla s Serofula, Sali Rheum, Bolls, Pluppes, al. H.; a Dyspepois, Biliousoess, Slek Headache, In Bas-terberd Dobility, Charry, Rheumatism, Kebolity, Charles Camplainis, It overcomes that extreme I feeling, and builds up the winde system.

Gives New Life was almost completely run down, and was for perconduction model treatment, being gives up to 197 blyskishus. I have never taken anything higher it as much benefit as Hood's Barcapa-which befored me to health and year. I con-trolly in the terminal productions are the production of the control of the cont

Desiring the sammer months I have been somewhat det flushed for three-ways. I have made it had a state of the same in the same Restores to Health From N. H.
